Sunday 2nd August Beginning

KIDZ
BIZ

Big Idea

The first sin of Adam and Eve caused the whole world to be damaged by evil. Everyone has turned away from God. Everyone is being their own boss. God could have wiped out everything, but he doesn't. He chooses to restart the earth through Noah and his family.

Big Question

If you were a king or queen of your own land, what would your world be like? What type of king or queen would you be? What kind of rules would you have?

SOAP

Scripture

Use your Bible to read Genesis 6:5-8

Observation

1. God has the power and the right to wipe out everything on the whole earth because he made it all. When God sees everything is totally evil, how does he feel?

2. There are some pretty big BUTS in the Bible. God says he will wipe out everything and then he says BUT not Noah and his family! Why do you think he does this?

Application

Throughout the whole Bible, God always demonstrates his love and kindness by choosing a person or family or nation to continue to represent him on earth.

God has chosen you and your family to receive his love and kindness. How can you know this and show this to people this week?

Prayer

Spend some time praying together.
